What makes a good ad

- Use a sharp photo. Send the original from the phone or camera, not a screenshot or a photo of a photo.
- Keep the message short: a line or two of pride, love or encouragement.
- Only send what you have permission to print. Anyone in the photo should be fine with appearing in the book.
- Keep it positive and school-appropriate. Every ad is reviewed before it goes in the book, and the team may lightly edit text for length or clarity.
